Day 02: Hong Kong

(B/-/-)

Your day will start with taking the **Star Ferry** for the famous bay crossing, a real institution for the locals and a mythical voyage that the National Geographic Traveller magazine listed as one of their 50 experiences of a lifetime. From the boat you can appreciate what some consider as being the most beautiful skyline in the world, where the skyscrapers are set against the city's highest hills. Visit to the small **Tramway Museum**, an important piece of the city's colonial heritage that has been functioning for more than 120 years...

Ascent to **Victoria Peak** taking around 5 minutes in the Peak tram, which ascends at a gradient of up to 27 degrees! The peak is the highest point in Hong Kong (552m/1811ft) and is truly a great place to come to escape the summer heat. British colonists, who completed their ascension carried in Sedan chairs, regularly took refuge here during the 19th century and even granted residence rights only to expatriates (it was not until after the Second World War that locals were allowed to live there).

You will be able to take in the magnificent 360 degree view from **Sky Terrace 428** which, when the weather is good, lets you see both the tip of Kowloon and the neighbouring islands of Lantau and Lamma.

Then you will continue to visit the **Bird Market** and the **Flower Market**, both located in the north of Mongkok. To take a stroll with their caged birds is a favourite activity of old people in Hong Kong.

Your walk through the market will be accompanied by the sweet lullabies of these small creatures kept for company. At the neighbouring flower market you can find a huge variety of flowers, from the famous Dutch tulip through to exotic orchids, all in a colourful sensory experience.

After the tour, you will be transferred with your private vehicle to the Longcheer Sailing Center. *(Guide service is not included for the transfer)*

Note: A. No late check-out today.

B. service before 8am or 8pm, extra charge will be required.
